質性研究寫作

※ The First Few Page

- * 題目 The title
- * 摘要 The abstract
- * 目次 The List of contents

※ Chapter One-The introduction

(第一章 緒論)-重點在問題意識的展現。

1. Why you have chosen this topic rather than any other, e.g. either because it has been neglected or because it is much discussed but not properly or fully?
為什麼你選擇這個主題而不是其他主題，例如是因為它有那些是被忽視議題，或是因為它有討論但並不恰當或不充分之處？
2. Why this topic interests you?
為什麼這個主題讓你感興趣？
3. What kind of research approach or academic discipline will you utilize and why?
你將使用什麼研究取向或學術方法，為什麼？
4. Your research aims and question
你的研究目的與問題
5. Your research important terms
你的研究名詞釋義

※ Chapter Two- The Literature Review Chapter

(第二章 文獻探討)-重點在理論基礎

1. Should combine knowledge with critical thought
應該把知識與批判思維結合起來
2. What do we already know about the topics?
我們對這些主題已知道的有什麼呢？
3. What do you have to say critically about what is already known?
對於已經知道的，你有什麼批判性說法呢？
4. Has anyone else ever done anything exactly the same?
有沒有人做過完全相同的？
5. Has anyone else done anything that is related?
有沒有人做過類似相關的？
6. Where does your work fit in with what has gone before?
你的研究與以前的研究，有哪裡相呼應的呢？
7. Why is your research worth doing in the light of what has already been done?
為什麼人家都已經做過的研究，你的研究還值得做呢？

※ Chapter Three- The Methodology Chapter

(第三章 研究方法)-重點在

1. How did you go about your research? 你的研究會如何進行?
2. What over strategy did you adopt and why? 你採取了什麼策略和為什麼?
3. What design and techniques did you use? 你所使用的研究設計和技術是什麼?
4. Why these and not others? 為什麼是這些方法，而不是其他方法呢?

➤ Contents of Research Design 研究設計的內容

- ◆ The reasons to choose such qualitative methods of the study 研究的質性方法擇選
- ◆ Research Subjects (Source of subjects, Setting and access, The relationship between the researcher and the respondents)
研究對象（研究對象來源、場域和進入方式、研究者與受訪者的關係等等）
- ◆ The Research Instrument (piloting study, the topics covered in the interviews)
研究工具（預試、訪談中涵蓋的主題）
- ◆ Data collection methods 資料收集方法
- ◆ Data Analysis Procedures (analysis procedures, Description of the subjects, The representativeness of the subjects)
資料分析過程（分析程序、研究對象的描述、代表性...）
- ◆ Research rigor 研究嚴謹性
- ◆ research ethics 研究倫理
- ◆ Research schedule 研究期程

※ Chapter Four-Writing Your Data Chapter

(第四章 研究結果與討論)-重點在回應研究目的與問題

1. Explain what the chapter has done 解釋研究完成什麼
2. Describe the new questions the chapter has identified 描述研究的新發現
3. Explain where these questions will be addressed 解釋處理那些研究問題

※ Chapter Five- The Final Chapter

(第五章 結論與建議)-重點在研究結果轉出應用

1. The relation between the work done, the original research questions, previous work discussed in the literature review chapter and any new work appearing since the study began
研究結果、研究問題、文獻中討論間，有無新的發現
2. Some answer to the classic examiner's question: 'if you were doing this study all over again, is there anything you would do differently? Why so?, i.e. the lessons to be learned from the conduct of the study
回答口委典型的問題「如果你重新進行這項研究，你會做哪些不同的事情嗎？」為什麼？也就是從研究中學到的經驗。
3. Any implication for policy and practice 對於政策和實務的具體建議
4. Further research that might follow your findings, methods or concepts used

對未來研究的建議
